

ASTR 5770 Cosmology Fall 2025. Problem Set 1. Due Sep 3

1. Select a survey/mission/experiment (20 points)

During the week of Nov 10–14, the penultimate week before Fall Break, you will make a 10-minute presentation, followed by a 5-minute question session, on a ground- or space-based survey, mission, or experiment, past, present, or planned, whose goals are relevant to cosmology. You will make a 10-minute zoom version of your presentation, due Oct 31. For this problem set, you will select a survey/mission/experiment, and write a short abstract explaining your selection. Please include a link to the survey/mission/experiment.
